FOR ALL PEOPLE.*

OUR MISSION:

Americans for Immigrant Justice was formed to protect and promote the basic human rights of immigrants through a unique combination of free direct services, impact litigation, policy reform, and public education at local, state, and national levels.

GIVING LEVELS

**ROOTED IN BASIC
HUMAN RIGHTS.**

**STRENGTHENED
BY SUPPORT.**

Since 1996, Americans for Immigrant Justice has been hard at work protecting the basic human rights of immigrants and helping families realize their American dreams. As we celebrate our 25th Anniversary, we want to take a moment to recognize this milestone and the voices that embody our mission.

Our dedicated staff and pro-bono legal volunteers have blazed a trail:

- ★ Advocating for human justice
- ★ Championing the rights of children
- ★ Keeping families together
- ★ Fighting for victims of trafficking, assault & violence
- ★ Creating policy change
- ★ Educating communities

For 25 Years we laid the foundation, but the **work is not done.**

Now, more than ever, we need support to continue to fight.

AMERICANS FOR
IMMIGRANT JUSTICE

BE A VITAL VOICE.

Generous supporters, donors, and advocates are VITAL VOICES to our organization and make our work possible.

Vital Voices are central to our impactful work and programs. From litigation to creating national policies, support from our partners and donors allows us to increase access to immigrants across a wide spectrum of legal areas, and also helps us drive awareness about our mission.
